About Me:

I'm a web designer who creates simple, effective and direct designs that take into account usability and the latest web standards. I have always been a natural problem solver and strive to find solutions to problems when others fail to find them.

Work Experience:

E-mail Designer, Newsmax Media, Inc.

(August 2008 - Present)

Interface with in-house sales staff to create and schedule 3rd party e-mails for Newsmax.com media clients. Develop website project with css layouts.

Creative Designer, Dilan Design, LLC.

(May 2005 - Present)

Freelance design firm based in West Palm Beach, Florida, owner & designer.

Web Developer, RIISnet, LLC.

(May 2007 - August 2008)

Developed and managed riisnet.com; Assisted in testing and development of their Marketplace web application; Assisted product management team with market requirements and interface design; Managed deployment of marketing and flash projects for riisnet.com.

Website Designer, Sumaria Systems, Inc.

(January 2006 - May 2007)

Developed public and intranet site for Air Force Officer Accession and Training schools (AFOATS); Help developed internal e-learning program for Air Force ROTC; Designed and deployed new interface for W.I.N.G.S. program; Developed graphic and website's materials for AFOATS W.I.N.G.S. program.

Graphic Designer, Computer Technologies Solutions, Inc.

(February 2005 - January 2006)

Print, web, and media design for three mid-ranged companies under the CTS brand name. Managed a small marketing team to support marketing efforts within the company.
